Group Art Unit 3634

EXHIBIT B  
CLEAN SET OF ALL PENDING CLAIMS FOLLOWING ENTRY OF THE  
PRESENT AMENDMENT

Sub B1  
AI  
1. A window assembly comprising a retractable screen disposed with a screen cassette contained within a jamb pocket portion of a jamb of the assembly, said jamb pocket <sup>part</sup> being defined by three sides of <sup>the</sup> interior of said jamb, the screen accumulating on and paying out from a spring biased roll provided with said cassette disposed within said jamb pocket portion, the screen being retractable for egress or cleaning purposes, <sup>?</sup> (and available as desired).

not shown  
2. The window assembly of claim 1 wherein said retractable screen is guided in guides provided with sill and header, portions of the window assembly which allows for <sup>the</sup> manufacture of heavier screens in larger sections.

Sub B2  
not shown  
A2  
10. The window assembly of claim 2 further comprising grooves disposed adjacent to <sup>the</sup> header and <sup>the</sup> sill framing-sections to receive an extension portion of a handle of <sup>the</sup> (the screen cassette assembly) also engaged with keyed edges of the screen and at the same time engaging the grooves to maintain the parallelism of top and bottom portions of the handle when in motion as the screen is payed out and accumulated on <sup>the</sup> (the screen roller) contained with <sup>the</sup> (the pocket) provided in <sup>the</sup> (the frame).
